

DORMITORIES FOR INTERNATIONAL STUDENTS

International students who come to study at Rostov State Medical University from different countries of the world find themselves in new living conditions, to which they need to adapt, as well as master a new language of communication as soon as possible. During this period of their life, the student dormitory becomes their home, and their mood and academic success depend on how comfortable they feel in it. University authorities treat with understanding and concern the organization of foreign citizens living conditions.

Students of the Preparatory Faculty on Training Foreign Citizens and the Faculty on Training Foreign Students and Postgraduates are offered accommodation in comfortable five-story dormitories No.1 and No.2, which are located in the very center of the city, on the campus of the Medical University.

Dormitories are equipped with everything necessary for a comfortable stay: comfortable triple rooms, catering facilities, sanitary and hygienic rooms, Internet. Students can use the self-study room to prepare for the class.

On the University campus, close to the dormitories, there are branches of the Rostov State Medical University Clinic and a medical facility where students can receive qualified medical care if necessary. The dormitory building has a dining room for 144 seats. There are many cafes, shops, pharmacies and various household services within walking distance.

Dormitories provide favorable living conditions for people with disabilities.

At the beginning of the academic year, a meeting of students is held, at which they get acquainted with the internal regulations of the dormitory, undergo safety briefings and instructions in the city gas service of Rostovgorgaz JSC.

The student council functions in the dormitory, which takes part in solving various everyday issues.

Both dormitories are located in a quiet pedestrian zone next to the city park and the drama theater, and the city's main street and public transport (bus, taxi, trolleybus and tram) are within walking distance.

The Don Public Library is located nearby, where students can study and use various literature.

Student dormitory No.3 is designed for 457 residential places. The dormitory has all the amenities. There are rooms for self-training and various events. The dormitory has superior rooms. Health-care facilities: regional hospital No.1, city hospital No.20, a number of clinics and outpatient clinics, which are clinical and practice bases for the medical university, are located in the immediate vicinity of the dormitory.

The cost of living in dormitory for students under the contract is 1294 rubles per month.
